

## Year 4 - Health and wellbeing

Fluoride	A chemical found in toothpaste that helps keep our teeth strong and healthy.
Healthy	Being well, both physically and mentally.
Mental health	Our emotional wellbeing.
Negative emotions	Emotions which make us feel sad or angry.
Positive emotions	Emotions which make us and others around us feel happy.
Relaxation	Doing calming activities such as having a bath or reading a book
Resilience	A willingness to keep trying even when things become very hard.
Skill	The ability to do something well.
Visualise	To create an image of something in the mind.

### Health tips

Visit a dentist regularly to make sure your teeth are healthy.

Keep a diary of things which happen to you and how they make you feel.

Your physical and mental health are equally important and there are things you can do to look after them both.

### Getting help

Talk to an adult you trust either at school or at home.

### Key facts

There are number of things we can do to keep our teeth healthy including: brushing twice a day, visiting the dentist, avoiding sugary food and drinks and using a fluoride toothpaste.

Visualising a special place can help us to relax and deal with problems.

We can learn from our mistakes.

We can all learn new skills.

Different things make different people happy.

Emotions can be positive and negative and we need to learn to deal with both.

Sometimes, people have problems with their mental health. If they do, there are people who can help them.
